

Elka Air humidification and dust control

MA compressed-air nozzle

MA compressed-air nozzle

For more than 50 years, Elka Air delivers compressed-air nozzles. During the nineties many manufacturers ignored this method of humidification. We always continue improving our nozzles.

The MA-20 compressed-air nozzle is provide with a safety valve. This means that the nozzle will shut down the water supply as soon as the air pressure fails. Using innovative technics, the MA-20 compressed-air nozzles is one of the most efficient in the world.

Specifications

Type	Waterpressure	Capacity	Air pressure	Air consumption	Throw	Noise
MA/20	2-4.5 bar	0.5-4 L/hour	3-5 Bar	20 Lst/Min	3,5 Mtr	64 dBA* / 60dB(A)**
MA/15	2-4.5 bar	0.5-8 L/Shour	4-7 Bar	50 Lst/Min	3,5 Mtr	72 dBA* / 67dB(A)**

Mounting height : 2.25 Mtr
Measuring heght : 1.6 Mtr
Measuring distance : 1 Mtr
