

# Elka Air humidification and dust control

## MAS air humidifier

### MAS air humidifier

The MAS is a compact air humidifier that can be installed quickly and easily. The MA nozzles produces a very fine haze of water by the power of compressed air.

- Designed with 1, 2 or 3 MA/20 nozzles
- Suitable for atomising drinking, softened or RO water
- Nozzles can be adjusted independently
- Automatic start function
- Switch on delay water
- Switch off delay compressed air
- Preprogrammed equalization time
- Very low energy consumption
- Maintenance free

### Specifications

| Type    | Water pressure | Capacity | Air pressure | Air consumption | Throw   | Noise   |
|---------|----------------|----------|--------------|-----------------|---------|---------|
| MAS 213 | 2-4.5 bar      | 3 L/hour | 4 Bar        | 20 Lst/Min      | 3,5 Mtr | 65 dBA* |
| MAS 226 | 2-4.5 bar      | 6 L/hour | 4 Bar        | 40 Lst/Min      | 3,5 Mtr | 66 dBA* |
| MAS 239 | 2-4.5 bar      | 9 L/hour | 4 Bar        | 60 Lst/Min      | 3,5 Mtr | 67 dBA* |

\*Measured distance of 1 meter

### Technical data

|                   |                                |
|-------------------|--------------------------------|
| Dimensions        | : 40 x 12 x 35 cm              |
| Weight            | : 6-8 kg                       |
| Electrical supply | : 230Vac 50Hz 10VA             |
| Steering          | : Potential free start contact |
| Air connection    | : 6 mm                         |
| Water connection  | : 6 mm                         |
| Housing material  | : ABS                          |
